I've been a xmradio listener for quite a while. I chose the xm because my local radio stations are a joke because of the FCC. WHEN WILL PEOPLE START TAKING ACTION FOR THEIR OWN? IF YOU DON'T LIKE WHAT YOU HEAR ON THAT PARTICULAR STATION JUST TURN IT! Since I have XM radio now I will not go back to regular radio. By the way what difference does it make who gives vital information about weather or traffic. The local stations don't even give weather or Traffic when its really needed--- XM DOES.

thank you
